1. Title of the presentation:

.....  
.....  
.....

2. Author(s):

	Name	Bachelor/specialization/ other programme	Semester	Form of education	Place of education	Signature
1.						
2.						
3.						

3. Supervisor(s) consent:

	Name	Position	Institution	Signature
1.				
2.				
3.				

Date: .....

.....  
Signature of the first author responsible for TDK  
application and abstract registration

**Information for the author:**

**Application form** must be filled in electronically and sent in Word format to the first supervisor. Considering the current epidemic situation, instead of signature, it is sufficient for the supervisor to forward the statement completed by the student in Word format with his approval (one line in the e-mail) to Bernadett Varga, TDK Coordinator (Tel.: +36/82/529-956, email: [bernadett.varga@etk.pte.hu](mailto:bernadett.varga@etk.pte.hu)) until 11 May 2020.

**Abstract registration** of the TDK Conference takes place **exclusively online**, at <https://konferencia.etk.pte.hu/tdk2020>, the deadline for which is **11 May 2020, 8.00**. (The abstract does not have to be sent in printed form!)

Please note that the conference takes place online, in Microsoft TEAMS application, thus the participant is required to have a desktop computer (or laptop) equipped with camera and microphone, as the mobile application is not eligible for showing the presenter and the presentation simultaneously on the screen! Organizers will provide further details on the participation in the conference via e-mail.

Abstracts of the submitted students' scientific research papers will be evaluated by two opponents on the proposal of the Scientific Committee and the TDK presidency. The deadline for evaluation is: **15 May 2020**. The primary task of one of the two opponents is to consider the standard of research methodology/mathematical statistics of the competition essay. If either of the two evaluators does not recommend acceptance of the abstract, the submitted material is to be rejected.

We would like to inform you that the abstract uploaded to the registration platform will also be assessed, and the assessment will be included in the achievement at the TDK Conference.
